

## Allergen Awareness Webinars for Businesses

South West food business owners, are you ready for the 1 October 2021 food labelling law changes?

The changes to the law affecting pre-packed food for direct sale will affect you if:

1. you make or prepare fresh food for consumers, then
2. package (bag, wrap or box) foods for display or offer.

There is still time to find out how this will affect you and prepare. Trading Standards and Environmental Health Officers are holding free webinars on 8 July at 11am and 15 July at 3pm to explain what is changing with live question and answer sessions.

Book your place on your preferred date on the links below:

- [8 July Allergen Awareness Webinar](#)
- [15 July Allergen Awareness Webinar](#)
